
Alexandra Akins

Education

2019–2023 **Bachelor of Science - Nuclear Engineering**, *North Carolina State University*, Raleigh, NC, *3.708*

2019–2023 **Bachelor of Arts - International Studies**, *North Carolina State University*, Raleigh, NC, *3.708*
Concentration in sustainable development

2017–2019 **International Baccalureate Diploma**, *United World College of the Atlantic*, St. Donats, United Kingdom

Experience

Research and Vocational

2022–ongoing **Research Aide**, *Argonne National Laboratory*, Lemont, IL
Exploring utilization of artificial intelligence based anomaly detection in Advanced Reactor designs.
- Presented research at the American Nuclear Society 2022 Winter Meeting and 2023 Student Conference.

2020–2023 **Undergraduate Researcher**, *North Carolina State University*, Raleigh, NC
Investigated approaches to quantify the uncertainties introduced by applying Machine Learning models such as Artificial Neural Networks.
- Participated in Women and Minorities Summer Research Experience in Summer 2021.

2022 **Science Undergraduate Laboratory Internships (SULI)**, *Argonne National Laboratory*, Lemont, IL
Conducted research in applications of LSTM Autoencoders for use in anomaly detection within Sodium-cooled Fast Reactors.
- Selected to be one of four young researchers who met and spoke with the Secretary of Energy, Jennifer Granholm, representing the future of nuclear engineering research.
- Interviewed for the Argonne All-Hands meeting, alongside such figures as Paul Kerns, the director of Argonne.

Extracurricular and Leadership

2023 **NEA Global Forum Rising Stars Workshop**, *Presenter*

2020 – ongoing **American Nuclear Society** , *Member*

(727) 282 9991 • agakins@ncsu.edu

2019–2023 **Student Coordinator**, *Office of Sustainability at North Carolina State University*, Raleigh, NC

Led a group of 30 students in efforts across campus to make the university and our peers more sustainable.

- Successfully achieved funding for two major projects within the stewards.
  - 32,000 dollars were raised for SolarSpace, a solar powered structure outside of Burlington Lab where students can charge their personal devices and collaborate in an outdoor space.
  - 26,000 dollars were raised for Campus Green Spaces, a project that was completed in May 2023, which entails a series of gardens where students can interact with pollinator friendly plants and aromatic herbs.
- Curated a campus-wide competition to encourage students to conserve energy and water that reached all students living in dorms, a total of over 8,900 students.

Skill matrix

	Level	Skill	Years	Comment
Coding Language:	■■■■□	Python	4	*Experienced with and have executed numerous Python based projects.*
	■■■□□	LaTeX	4	*Often use Latex and have submitted multiple papers with it.*
	■■□□□	MATLAB	1	*Have taken classes on MATLAB.*
Global Language:	■■■□□	Spanish	6	*Can speak and understand conversationally in Spanish.*
Computer:	■■□□□	Microsoft Word	10	*Have casually used Word for an extremely long time.*
	■■■□□	Microsoft Excel	8	*Capable of effectively utilizing Excel.*

Awards

2023 **National Science Foundation** , *Graduate Research Fellowship Program*

2023 **North Carolina State University Department of Nuclear Engineering**, *Best Senior Design Presentation*

2023 **American Nuclear Society Studet Conference**, *Best Undergraduate Paper*

2021, 2022 **Department of Energy**, *Nuclear University Leadership Program (UNLP) Scholarship*

2020 **Nuclear Regulatory Commission** , *Nuclear Education Program Scholarship*

2020, 2021, 2022 **North Carolina State University** , *D. Rex Smith/Benjamin Franklin Dual Degree Scholarship*
